Smoot & Under, surviving vs. J. T. Hill; in chancery; decree that unless judgment of plain-tiff be satisfied within 90 days, the property be sold; execution stayed for 90 days.

Court adjourned until the Court in course.

THE BEULAH BAPTIST CHURCH.—Two days of the present term of the Corporation Court have been occupied with the hearing of a petition of certain members of Beulah Baptist Church, for the removal of Wm. Johnson, one of the Trustees. This petition was the culmination of the quarrel to the Church, which has been several times alluded to in the Gazette, caused by a disagreement between a majority of the members and Rev. C. Robinson, the former pastor. The case has been before arbitrators and before the Mayor, but no settlement satisfactory to both parties has been made. The testimony closed yesterday evening, and the decision of the Court rendered, refusing to grant the petition, and thus practically sustaining the majority of the congregation as against the pastor, by whose party the petition was made. F. L. Smith, Jr., esq., appeared for the petitioners and Claughton and Stewart for the respondents.

THE ICE.—The ice on the river still continues solid, and is becoming a regular thoroughfare, boys and men skating and walking over it from shore to shore, and from one end of the city to the other. The surface, since the late rain washed away the snow, is as smooth as glass, and in excellent condition for skating, while the thickness and solidity of the ice banish all fears of breaking in. The Maryland ferry line is now kept open with a sleigh by Capt. Griffin, who made several trips across yesterday. The weather continues cold and there are no indications of its being warmer. The ice gathering still continues their work, and are catching beautiful car ice, fourteen and fifteen inches thick. Nearly all of the ice houses in town are full and new ones are being prepared.

REPORTED SUNK.—A report was in circulation today around the wharves that the schooner Nahant, which left this port about the middle of December for Richmond, had been cut through by the ice and sunk in Nanquien Reach. The Nahant, with another vessel, went into Quantico, which place she left about two weeks since. The report received to day says that she has been jammed in the ice ever since, and that the sinking occurred two or three days since. She was loaded with coal by Mr. J. P. Agnew, who has received no information of the reported sinking. Her cargo was not insured. The origin of the report cannot be ascertained.

M. E. CHURCH.—Yesterday afternoon the Rev. Payton Morgan, of Laurel, delivered an address on "The Cloud of Witnesses." At the close three prayers were for prayers. At night the Rev. Richard Norris preached an eloquent and impressive sermon from the words "I hated Me without a cause." During the delivery of the sermon deep feeling seemed to pervade the large congregation, and when the invitation was given to penitents to go forward they responded to the call. The evening meeting, which lasted from half past nine until ten, was largely attended. Rev. Payton Morgan will preach to-morrow.

BOARD OF SUPERVISORS.—Continuation of yesterday's proceedings.—A paper was presented to the board by Wm. A. Rowe, of Jefferson District, asking the board to remunerate him for the loss of a horse on the 7th day of November last, valued at one hundred dollars. The horse fell through a bridge on the Georgetown road, and broke a leg and was shot. The petition was continued and witnesses summoned.

The Board adjourned till Tuesday, January 16, 1877.

U. S. DISTRICT COURT—Judge R. W. Hughes presiding.—In re Philip W. Derry; leave given R. S. Essey, surviving partner of Essey & Keady, to prosecute suit now pending in Circuit Court of Loudoun county against bankrupt of said county.

In re J. M. Seitz; order against creditors to show cause why real estate should not be sold. No business was transacted in the U. S. Circuit Court.

Both courts adjourned until March 30th.

WASHINGTON AND OHIO RAILROAD CO.—This was the day to which the annual meeting of the company stockholders was anticipated, and Major W. D. Nutt was called to the chair by the clerk of the company acting as secretary. The proxy of Clarke county, in consequence of sickness, did not attend; and a count being taken, it appeared that there was not a quorum present. The meeting then adjourned until Wednesday, the 28th of February next.

ARRESTED AND RELEASED.—A man named C. E. Eward, who carries on the jewelry business at Leeburg, was arrested this morning just as he was getting on the W. & O. train to come to Washington, on suspicion of being the party who robbed the jewelry store of S. J. Johnson, at Leeburg, about a week ago. After examination he was released, no evidence appearing to incriminate him, and came down on the evening train.

THE PETERSBURG RAILROAD CASE.—In the case of Atkins & Bro. ex. vs. the Petersburg Railroad Co., in the U. S. Circuit Court, mentioned yesterday in the Gazette, although no order has been issued in the clerk's office here, yet it is understood that Judge Boyd and Hughes have both agreed to deny the application for the appointment of a receiver, believing that an appointment unnecessary.

Over indulgence in eating and drinking, whereby the Liver is disorganized and the system deranged. The suffering resulting from dyspepsia is very terrible, and the sooner the patient can get relief the better. There is no remedy so efficient for the cure of this disease as Simmons' Liver Regulator.

D. B. Dutton, M. D., of Dear Park, Ala., says: "I have used the Regulator for several months, and find it has cured me entirely of dyspepsia. It is the best medicine I ever used for that disease, or rather, it is the only one that has proved satisfactory."

Special Dispatches to the Gazette.

From Washington.

WASHINGTON, January 10, 1877.—Nothing new in reference to the Presidential imbroilico—the democrats a little more hopeful—radicals still assuming a defiant air—neither party anticipating trouble.

The news from New Orleans causes much pleasure on the part of the democrats, who think the proceedings there the beginning of the release of Louisiana from radical usurpation.

A prominent citizen of Cincinnati, on the floor of the House to-day, stated that the wave that has been started in Ohio will increase in size till it reaches Washington on the 14th, and that it will bear on its crest and carry into the White House Gov. Tilden.

The House Committee on Counting the Electoral Vote had a meeting last night, lasting for several hours, during which the question of the jurisdiction of the House was fully and freely discussed, and it understood, that the Committee will be likely to report to-morrow or next day. The Committee will take bold and decided ground in favor of the full jurisdiction decided upon by the House, and will force the opposition to meet squarely the issue.

This action, on the part of the Committee, will have a salutary effect, not only in Congress, but throughout the country.

A prominent radical asserted that it is the plea of his party not to contend that the President of the Senate has judicial powers over the court, but that by delay, it is hoped to pass over the 5th of March, when the Senate will choose a presiding officer, who will act as President and order a new election, and in the meantime the radical State officers in the South to be re-elected and things fixed up for the election. The plan may be a good one, but won't work.

There is no doubt that Lyman Trumbull will succeed Gen. Logan as Senator from Illinois. Springfield dispatches say that the independent members who hold the balance of power pending the election have nominated Mr. Trumbull who has been also nominated by the democratic caucus. This insures the election of Mr. Trumbull.

The Criminal Court to-day quashed the indictment in the Otis case for the \$47,000 robbery of the United States Treasury.

The Mississippi witnesses who are expected to testify for Mr. Morton that there was intimidation in that State have arrived here.

Mr. Foster the democratic elector who did not vote in Missouri has been summoned by the order of Senator Keran.

Congress.

WASHINGTON, Jan. 10.—The Senate was occupied in the consideration of the bill for the revision of the revised statutes, which occupied its whole time.

In the House of Representatives, Mr. Banks was excused from service upon the committee to investigate the late District Police Board.

A bill to form a mixed commission to decide upon the future naval policy of the government was introduced.

Resolutions from the North Carolina Legislature, praying that national banks be allowed to declare more than eight per cent. dividends, are referred.

A communication from the Secretary of War, giving the location of the army on the 18th, was received.

Gen. Hunt, of Va., presented a petition of James W. Green, of Culpeper county, Va., praying for an amendment to the Constitution to reference to the executive department of the government and the counting of the electoral vote, which was referred.

A bill for a suspension bridge across the Ohio, at Cincinnati, was the occasion of a lively debate, some of the Ohio delegates opposing and Mr. Durham, of Ky., excitedly favoring the construction of the bridge, and insisting that some of the opponents of the bill were actuated by interested motives, which caused some excitement and called to their feet several members, who pronounced the assertion unwarranted. A discussion upon points of order occupied an hour, after which the discussion of the bill was resumed with some acrimony by Messrs. Ryan, Raynor, Holman and others, and the bill lost.

Local Brevities.

The dam in the canal at Four Mile Run, burst night before last and let out a foot of the water which had been left in this end of the canal for its preservation and for the ice gatherers. The damage was repaired yesterday.

Among the strangers in the city to-day was Gen. Joseph E. Johnston, who is stopping at the Mansion House. The General dined to-day with Major George Johnston, at his residence on Washington street.

An old colored woman named Betsy Gressom, who lived near the Freedmen's Village, in Alexandria County, was frozen to death on Wednesday last.

Commander James H. Gillis, formerly of this city, has been promoted to the rank of Captain in the navy, and was confirmed by the Senate yesterday.

Miss Sevens H. Lewis has been appointed postmaster at Lynnwood, Rockingham county, Va., vice Samuel H. Lewis, resigned.

A horse belonging to an old colored man, while going down the road to the mill, yesterday morning, fell on the ice and was killed.
